# WORLD SPORTS FESTIVAL 2012

## International Youth Bowling Tournament

### Game mode

All participants start in one competition and based on their averages (announcement until June, 20th 2012) they will be divided into groups (a fair classification will be provided through the handicap system). Players who did not make an average announcement will be classified in the top group. After the team event the handicap will be recalculated. Calculation base is the pin result (scratch) after 24 games in team event. The 30 players achieving the highest results of the team competition within their age group (incl. handicap) will be qualified for the single event. The new handicap counts for all following games. After 6 completed games, the 4 players (male and female) who reached the highest results (incl. handicap) will continue in the stepladder final.

### Rules

Besides the official rules of the WTBA also the general tournament rules of the WSF will be used for the bowling tournaments. You can have a look at the rules on the website of the World Sports Festival.

### Tournament Information

The participants first have to compete against each other in a team contest. In order to do so all registered participants are divided into groups of 3 – 4 players by drawing. The 30 best bowlers from the team contest are qualified for the following single contest.

### Liability

The organizing company and all authorized people decline liability to any kind of accident involving athletes and third persons.
